Sir,

RE:- Powers of Deputy Commissioners to grant building materials.

With reference to your letter No. A. F. 5284/Ft. 163-41-4 dated the 27th March 1942 and subsequent reminders, I have the honour to state that at present, the timber market is so unsteady and the prices of timber are high and are soaring up almost continously. The Government are aware what huge demands the present war is making on the timber resources of the State. The time may come when the question of the existing concession and privileges with regard to the removal of timber from forests may have to be reviewed in the interests of national economy. I am therefore of opinion that at best the powers conferred on Deputy Commissioners by the Government order No. A. F. 1826-37/Ft. 1-37-16 dated the 14th October 1939 may be extended up to the end of June 1944, instead of being made permanent
